What is Maptime?

- 1. A time for learning about maps**
- 2. Hands-on**
- 3. Beginner-focused**
- 4. Emphasis on open source, programming, and web-mapping**

Maptime exists because community, inclusivity, and accessibility are important and necessary components of positive learning experiences.

113  
114  
115 #landusegen0 {  
116   line-color:#91D156;  
117   line-width:0.5;  
118   polygon-opacity:1;  
119   polygon-fill:#91D156;
```

3. Make sure your event is inclusive, interactive, and appropriate. (Use Maptime tutorials! Make your own!)

Maptime has many
different models, so it
can work anywhere.

Maptime is an important idea: it shouldn't be so hard to learn, and we have the power to make it easier – and teach ourselves in the process.

**And yes... I have stickers.
Come talk to me.**
